Ryotwari System

Ryotwari System was introduced by **Thomas Munro in 1820.**

This was the primary land revenue system in South India.

Major areas of introduction include Madras, Bombay, parts of Assam and Coorg provinces of British India.

In Ryotwari System the **ownership rights** were handed over to the **peasants**. British Government collected taxes directly from the peasants.

The revenue rates of the Ryotwari System were 50% where the lands were dry and 60% in irrigated land.

Though ownership of land was vested with the farmers, excessive tax impoverished them. Furthermore, the tax rates were frequently increased.
